Subject: Sequence search request 10/534789

2/27/08

Re: 10/534789

1. Please perform a score over length search of nucleic acid sequence SEQ ID NO:1, looking for hits of between 8 and 50 nucleotides in length with at least 95% complementarity to the target. Please provide alignments for all hits.
2. Please perform a standard search of SEQ ID NO:1.

Thanks,
